

# Mission Receipt

**Post, prove, and submit within one week**

Post this receipt in Discord and capture a screenshot of the post. Add the PDF as **FINAL\_MISSION\_RECEIPT.pdf** and the screenshot to an accessible Git repository, then submit that repository link to the Mission Receipt assignment in Canvas. The receipt controls the requirements and available points for your selected final-project extension.

**Grading contract**

1. Locked core gates cannot be removed. Missing one earns 0 for the pathway.

earns 0 for that item and subtracts another 50 points.

- 
- 
3. The Canvas-submitted repository must contain FINAL\_MISSION\_RECEIPT.pdf and the Discord post screenshot. The receipt ID in that PDF controls grading.
